

A close-up photograph of a woman's face, showing a realistic special effects wound on her left cheek. The wound is a deep, jagged laceration, approximately 4-5 cm long, extending from the outer corner of the eye down towards the jawline. The interior of the wound is filled with a dark, bloody, and textured material, possibly a prosthetic or a mixture of blood and special effects makeup. The surrounding skin is red and inflamed. The woman has blonde hair and blue eyes, and she is looking slightly to the right of the camera with a neutral expression.
